**Opportunities for Forest landowners**

**Public Act 378** allows forestlands that meet certain criteria to be exempt from the 18 mills levied by the Schools. Call or e-mail for more information.

**The Forest Stewardship Program is vibrant.** Since 1992 we have completed 723 Forest Stewardship Plans covering 120,702 acres. If your plan is over 10 years old, it may be time to complete an update. There are many reasons to complete an update including, changing forest conditions, changing landowner objectives, forest health issues (Beech Bark Disease, Emerald Ash Borer, etc.), property tax law changes, and a desire to improve your property – for your objectives.

**Conservation Stewardship Program:** USDA program for active landowners. Call or e-mail for more information.

**Be sure to call for all your real estate needs – 3 licensed agents on staff!**

**GROSSMAN FORESTRY COMPANY** is a privately owned forestry consulting firm that assists Michigan's private landowners with forestry and wildlife management. The company currently employs seven full-time consulting foresters with secretarial support. Working as **agents of the landowner**, we provide the following services based upon the landowner's goals: stewardship plan writing, timber sale administration, forest boundary location, forest and wildlife management plans, timber market analysis, timber/land appraisal, and aerial photograph interpretation (every year we work with hundreds of clients to help them enjoy their properties). Our services are provided throughout Michigan's Eastern Upper & Northern Lower Peninsulas. As consulting foresters, we have an obligation to use our knowledge and provide the best possible service to Michigan's private landowners.
